ABOUT THE AUTHOR

'Mai tona manawanui me tona matauranga tino nui o te ao otaota tuuturu; ka tukuna a Malcolm tana tohutohutanga ki tona whanau, whanui. Kia mou atu a ratou te oranga, te awhitanga me te tiakitanga mai o ratou ra o ratou po katoa. Ma te kai whakatautika, whakakori tinana me te awhinatanga o nga otaota. Kia tu tika ai a ratou ki runga i te kino e paa ana ki o ratou wairua i o ratou tinana.'

Malcolm Kendrick Harker, M.H.D., C.N.H.P., Master of Herbology, Tohunga Rongoa, Natural Health Consultant, Author, Lecturer, began studying Herbalism in 1978 due to serious ill health, from which, through his own concerted efforts, he fully recovered.

In 1983 he acquired the Diploma in Herbal Studies and in the same year received the 'Certificate in Iridology' through the teaching of Dr. Maurice Archer N.D., protégé of renown American Iridologist Dr. Bernard Jensen.

In 1985 Malcolm earned his Master of Herbology Degree in Advanced Herbal Medicine with Honours from the Emerson College of Herbology, Quebec, Canada.

During eleven years of running his Herbal Healing Clinic in Avondale, Auckland, he developed the present range of over 83 herbal remedies and cosmetic products, sold throughout the natural health retail market, and which are today increasingly popular throughout New Zealand.

In 1998 Malcolm was awarded a 'Lifetime Achievement Award' by the New Zealand Natural Health Industry, and the same year published his book 'Health & Healing', now into its 4th edition print.

Today he continues to manufacture for Harker Herbal Products Ltd, and also maintains his active correspondence consultation service.

Malcolm produced the herbal courses as a means to carry knowledge, work and art of Traditional Medical Herbalists into the future.

As author of the courses he is the Tutor, and will examine all completed lessons, endorsing Certification for all Students deemed to have successfully passed the Herbal courses.

GENERAL INFORMATION

The **NZ Traditional Herbal Medicine** study courses are unlike others in Herbal Medicine that have gone before, not only because many of the formulations are Malcolm Harker's original creations, but also because of archaic information not found in any other courses of herbal instruction available in New Zealand today.

These courses do not consist solely of folklore, nor are they just a repeat of what has been taught elsewhere. The courses include the latest data and research on herbal properties along with archaic information and Malcolm's own observations from over thirty years of herbal research, formulating, administering and manufacturing of herbals.

Please Note: *The Primary Certificate qualification in Traditional Herbal Medicine is required to commence the Senior Diploma course.*
